EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Full-Stack Web Developer

Remote
July 2022 – Present

Math Magician — This is a single-page application used in conducting simple mathematical operations. It also has a section that contains math quotes to inspire users.

- Built with: React and Bootstrap

MICROVERSE

Mentor (Volunteer)

Remote
June 2022 – Present

- Mentored junior web developers, providing technical support through code reviews.
- Propose improvements to code organization to improve code quality and overall performance.
- Provide advice and tips on maintaining motivation to maintain longevity in the program.

INDEPENDENT TELEVISION AND RADIO

Broadcast system engineer (Internship)

Benin City, Nigeria
August 2019 – January, 2019

- Installed networking cables for their latest digital studio, to ensure efficient data sharing among networks of computers.
- As a member of the engineering team, we provided a lasting earthing solution to the building, to withstand electrical surges from thunderstorms.
- I designed a lighting setup for the broadcast studio, considering the right angles where the efficiency of the lights are maximized before installation was done.

EDUCATION

MICROVERSE

Remote Full Stack Web Development Program, Full Time

May 2022 – Present

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

UNIVERSITY OF BENIN, BENIN CITY.

Electrical and electronics engineering

November 2016 – July, 2021.
